HERITAGE CHRISTIAN PRESCHOOL PHILOSOPHY

Our Philosophy: A good beginning helps children develop a sense of responsibility, creativity, spontaneity, happiness and a caring attitude. Children also grow through self-expression along with self-discipline. At Heritage Christian Preschool our goal is to assist each child in this development by providing a quality preschool experience.

At Heritage Christian Preschool we provide, through our qualified Christian teachers, a program that aids children in developing self-help skills, social skills, eye-hand coordination, and small and gross-motor skills. Our program includes music and movement activities, and language development exercises. Heritage Christian Preschool's cognitive skills activities include learning to recognize colors, letters, numbers, and shapes in addition to an introduction to phonemic awareness and phonics. Christian education is a daily learning experience, involving prayer before snacks and meals, and Bible stories taught through books, role-play, and hands-on activities.

I (We) have read the Philosophy statement and subscribe to it: Yes No

Heritage Christian Schools does not discriminate on the basis of race, color, national or ethnic origin or previous doctrinal belief.
